

CANADIAN SOCIETY OF RESPIRATORY THERAPISTS

SOCIÉTÉ CANADIENNE DES THÉRAPEUTES RESPIRATOIRES

CSRT Education Conference and Trade Show **FINAL PROGRAM**

June 9 – 12, 2011

Quebec City Convention Centre and Hilton Quebec

Quebec City • Quebec

Congrès de la Société canadienne des thérapeutes respiratoires

THANK YOU TO OUR INDUSTRY PARTNERS

The Canadian Society of Respiratory Therapists are proud to acknowledge the generous contributions of the following companies towards the success of our conference, and for their continued commitment to the profession of respiratory therapy. These non-restricted financial contributions support the overall program development and delivery of the education sessions at the annual conference.

Robert Merry Lecturer Award Friday, June 10, 2011 Gilbert Vergilio, RRT (A), MEd

The Robert Merry Lecturer Award was established to honor a respiratory therapist from any area of the field, who has exhibited vision, leadership and innovation to further develop respiratory care in Canada. The award recognizes Robert Merry and his accomplishments in the field of respiratory therapy in Canada. Robert Merry was one of the eight founding fathers of the CSRT. He and seven others established the CSRT in 1964 when Robert was the department head at Royal

Victoria Hospital in Montreal. In fact, before the CSRT was established, Montreal was a chapter in the American Respiratory Therapists Association. Robert Merry left Montreal in the late sixties and created the school of Respiratory Therapy at Fanshawe College in London, Ontario. At the time of his retirement in 1986, it was noted that every RT was either a direct graduate or someone Robert had trained. In addition, Robert was the first CSRT journal editor and he acted as the CSRT historian. Robert had an important role in the CSRT and his dedication to the RT profession was unmatched. His influence had a strong and far-reaching impact on the RT profession.

The 2011 recipient of the Robert Merry Lecturer Award is Gilbert Vergilio, Quality Improvement and Patient Safety Consultant at Fraser Health Authority.

He graduated from Fanshawe College in 1972 where Robert Merry was program coordinator, one of his teachers and mentor. He joined the faculty and taught respiratory technology with Robert Merry at Fanshawe College from 1977-1979.

In July 1980, Gil Vergilio moved to Kamloops BC as one of the first faculty hired for the new provincial program for Respiratory Therapy at Cariboo College in Kamloops. He served as President of the BCSRT in 1985 at which time he facilitated titles protection legislation for RT's (1988) and coordinated the move of Respiratory Therapists into a more professional union (1989). He served on the CSRT Board of Directors from 1985 to 1993 holding the positions of BC rep, Vice-President, President-Elect, President and Past President. He also served in other capacities including Education Coordinator and Chairman of the Board of the CJRT.

Gil was instrumental in coordinating the move of the CSRT head office from Winnipeg to Ottawa and the hiring of the first full time Executive Director. More recently he served as President of the BCSRT from 2008 to 2010 and engaged the Society in active discussions with the Ministry of Health and BC employers on the need for a regulatory process for Respiratory Therapists in BC.

Gilbert Vergilio received his general advanced certification from the CSRT in 1994; developed clinical services for RT's at St Paul's Hospital resulting in a full scope job description for RT's and growth of the service from a staff of 11 to a staff of 50. He also expanded the role of the RT into advanced clinical practice in the cardiac sciences at St Pauls Hospital (Cath Lab and Perfusion).

Throughout his career Gil has held several leadership positions in both health care and health education, including his current position in the Fraser Health Authority as a Quality Improvement Consultant where he works on regional improvement initiatives. Gil has served as an accreditation surveyor for Accreditation Canada over the past 15 years and is also currently an Education Consultant for the Canadian Healthcare Association.

He currently holds a Masters degree from Simon Fraser University's faculty of Education with a major in Administrative Leadership, has completed formal studies in quality management and has also completed health administration studies at the University of Saskatchewan.

Pre-Conference Program

Thursday, June 9 – Quebec Hilton Hotel

LEADERSHIP CONGRESS, Room Sainte Foy/Portneuf

EDUCATORS' CONGRESS, Room Courville/Montmorency

8:00 – 9:30	LEADERSHIP NETWORKING BREAKFAST <i>Moderators: Patty Wickson, RRT and Kirby Peterson, RRT</i>	8:00 – 8:30	BREAKFAST
		8:30 – 9:30	CACERT ANNUAL BUSINESS MEETING
9:30 – 11:00	NEW LEADERS “WORLD CAFÉ” <i>Moderators: Patty Wickson, RRT and Kirby Peterson, RRT</i> Presentations: 1. Jen Wheeler, RRT 2. Angela Coxe, RRT, FCSRT, MBA 3. Mélanie Grondin, inh.	9:30 – 11:00	PANEL DISCUSSION – Achieving competencies through the use of high fidelity simulation vs within a clinical setting. <i>Moderator: Jocelyn Vachon, inh.</i> Presentations: 1. Quebec City’s high fidelity simulation program – An overview <i>Dr. Gilles Chiniara, Laval University</i> 2. Teaching with high fidelity simulation <i>Susan Dunington, RRT, The Michener Institute for Applied Health Sciences</i> 3. Teaching without high fidelity simulation <i>David Sheets, RRT, MA, Thompson Rivers University</i> 4. Perspective from an educator’s personal experience with simulation <i>Louise Michaud, inh.</i>
11:00 – 11:30	REFRESHMENT BREAK	11:00 – 11:15	REFRESHMENT BREAK
11:30 – 12:30	A CASE STUDY IN CHANGE MANAGEMENT <i>Neil Johnston, BMR-RT, RRT</i>	11:15	ON-SITE VISIT TO THE “CENTRE DE SIMULATION ET D'APPRENTISSAGE” DE L'UNIVERSITÉ DE LAVAL <i>Bus transportation leaves at 11:30</i>
12:30 – 13:30	LUNCH	13:00 – 13:30	LUNCH
13:30 – 16:00	CONFLICT MANAGEMENT WORKSHOP <i>Facilitator: Dr. Rebecca Purc-Stephenson, PhD</i>	13:30 – 14:30	BREAKING DOWN BARRIERS: A NEW VISION IN RT PROGRAM DELIVERY <i>Meena Kumar, MAppSc, RRT and Jennifer Stefura BSc, RRT</i>
		14:30	REFRESHMENT BREAK
		14:45 – 16:30	PANEL DISCUSSION – EXAM DEVELOPMENT PROCESS <i>Moderator: Carolyn McCoy, RRT</i> The CBRC exam development process <i>Phil Richardson, RRT, Administrative Officer, CBRC</i> Le Comité de l'Épreuve synthèse exam development process <i>Louis Phillip Belle-Isle, RRT, MEd</i> Preliminary results of exam equivalency analysis project <i>Ray Hubble, RRT, MEd</i>
18:00 – 19:30	WELCOME RECEPTION AT QUEBEC CITY CONVENTION CENTRE – EXHIBIT HALL 200BC		

Program at a Glance

Friday, June 10 – Quebec City Convention Centre

7:15	CONTINENTAL BREAKFAST – Quebec City Convention Centre ALL PLENARY SESSIONS ON FRIDAY IN ROOM 200A – Simultaneous translation provided			
8:00 – 8:15	WELCOMING REMARKS			
8:15 – 9:00	Setting standards in Canada – whose responsibility is it? <i>Michael Lemphers, RRT, MA, FCSRT – President, CSRT</i> <i>Allan Shemanko, RRT, FCSRT – President CARTA and NARTRB</i> <i>Carolyn McCoy, RRT – CoARTE Chair</i> <i>Phil Richardson, RRT – CBRC Administrative Services</i>			
9:00 – 9:45	Professional Liability Insurance What do you do when the college comes knocking? What do you do when the RT is involved in an adverse event in a hospital? <i>Brian Gomez, BA, CAIB, CRM</i>			
9:45 – 10:30	Respiratory care in an austere environment <i>Dario Rodriquez, Jr., RRT, CMSgt, USAF</i>			
10:15 – 11:00	REFRESHMENT BREAK, VISIT OF EXHIBITS AND POSTER PRESENTATIONS Exhibitors Hall – Room 200BC			
11:00 – 12:00	CSRT ANNUAL GENERAL BUSINESS MEETING			
12:00 – 13:15	LUNCH, VISIT OF EXHIBITS AND POSTER PRESENTATIONS Exhibitors Hall – Room 200BC			
13:15 – 14:00	PRODUCT INFORMATION SESSION Masimo Room 203 See page 8 for details	PRODUCT INFORMATION SESSION Covidien Room 205A See page 8 for details	PRODUCT INFORMATION SESSION Talecris Biotherapeutics Room 202 See page 8 for details	PRODUCT INFORMATION SESSION Cardinal Health Room 205C See page 8 for details
14:00 – 14:45	The impact of quality management and the patient safety movement on the practice of respiratory therapy Robert Merry Lecturer Award <i>Gil Vergilio, RRT (A) MEd</i>			
14:45 – 15:30	The ABG Challenge: Classification vs. Interpretation <i>Dana Oakes, BA, RRT-NPS</i>			
15:30 – 16:00	REFRESHMENT BREAK – VISIT OF EXHIBITS AND POSTER PRESENTATIONS Exhibitors Hall – Room 200BC			
16:00 – 18:00	AIRWAY OLYMPICS Moderator: Richard Paradis, RRT, FCSRT Room 206AB			

Program at a Glance

Saturday, June 11 – Quebec City Convention Centre

8:00	CONTINENTAL BREAKFAST - Quebec City Convention Centre					
	GENERAL THERAPEUTICS AND DIAGNOSTICS 204AB	NEONATAL/PEDIATRICS Room 203	CRITICAL CARE <i>Simultaneous translation provided</i> Quebec City Convention Centre – Room 206AB	HEMOCARE/ COMMUNITY CARE Quebec City Convention Centre – Room 202	ANESTHESIA ASSISTANTS Quebec City Convention Centre – Room 205C	PROGRAMME POUR FRANCOPHONES Quebec City Convention Centre – Room 205A
9:00 – 9:50	Central sleep apnea <i>Doug Scullion, PSGT</i>	Non invasive ventilation in PICU – a review of 5 years experience <i>Gus Olguin, RRT</i>	Behind the eight ball – Managing difficult airways <i>Stephen Richey, RRT</i>	Domiciliary pulse oxymetry at exacerbation of COPD <i>Dr. Ruben Restrepo</i>	Opportunities Available to AAs <i>Rick Paradis, RRT, SCSRT</i>	Système automatique d'administration d'oxygène en boucle fermée <i>Pierre-Alexandre Bouchard, inh.</i>
9:50 – 10:20	REFRESHMENT BREAK, VISIT OF EXHIBITS AND POSTER PRESENTATIONS – Room 200BC					
10:20 – 11:10	Interpreting chest x-rays <i>Dr. Mathieu Simon</i>	Brain Cooling <i>Dr. Pia Wintermark</i>	Protective ventilation <i>Dr. François Lellouche</i>	I am not getting enough air – how to manage respiratory asynchrony <i>Pina Del Sonno, RRT</i>	Ventricular assisted devices <i>Manon Caouette, CPC, CCP</i>	Plan d'enseignement et indicateurs d'intensité de suivi de la clientèle à domicile dans un modèle d'interdisciplinarité <i>Francine Côté, ACI</i> <i>Benoit St Pierre, inf. clin.</i>
11:15 – 12:10	Lung expansion & airway clearance – Setting a new standard <i>Michael J. Hewitt, RRT</i>	Volume targeted ventilation in the neonate <i>Dr. Nabeel Ali</i>	Carbon monoxide poisoning and hyperbaric oxygen therapy (HBOT) <i>Jacques Grenier, inh. CHT</i> <i>Marie-France Potvin, inh.CHT</i>	COPD action plan for patients <i>Tracy Monahan, RRT</i>	Bezold-Jarisch reflex – What AAs need to know. <i>Dr. Ludwik Fedorko</i>	Le rôle de l'inhalothérapeute dans le dépistage des maladies respiratoires <i>Livia Batisti, inh.</i>
12:10 – 13:30	LUNCH, VISIT OF EXHIBITS AND POSTER PRESENTATIONS – Exhibitors Hall - Room 200BC					
14:00 – 14:50	SPO22 and HR monitoring – the challenge of different applications <i>Dr. Ruben Restrepo</i>	Pediatric mechanical ventilation weaning process <i>Gus Olguin, RRT</i>	Sleep during mechanical ventilation/ Le sommeil durant la ventilation mécanique <i>Stéphane Délisle, RRT</i>	Integrated respiratory reeducation and relaxation <i>Suzane Doyon, RRT</i>	Automated Anesthesia Management <i>Emilio Cabanas, RRT</i>	Un programme de réadaptation respiratoire dans la communauté : une histoire de succès! <i>Sylvie Boilard, inh.</i> <i>Lucie Demers, physio</i>
15:00 – 15:50	In the know about COPD? <i>Susan Haskell, RRT, CRE, FCSRT</i>	The use and application of nitric oxide <i>Tom Piraino, RRT</i>	A Primer on Heart-Lung Interactions <i>Dr. Sheldon Magder</i>	Initiation / Adaptation to home ventilation <i>Dr. Marta Kaminska</i>	Without the Bells and Whistles: Practicing Anesthesia on a Medical Mission in West Africa <i>Grant Auer, RRT</i>	Les soins de fin de vie <i>Francine Leblond, inf.</i>
16:00 – 16:50	The death of Frederic Chopin – Case Closed? A review of a famous case of pulmonary disease. <i>Stephen Richey, RRT</i>	Surfactant administration and airway obstruction <i>Dr. Guilherme Sant'Anna</i>	From ICU to home – How to prepare a ventilated-assisted patient and their family <i>Rita Troini, RRT, MA</i>	Asthma in 2011 – What is the role of the RT? <i>Dr. Louis-Philippe Boulet</i>	Panel discussion – Is AA integrated, specialized or advanced practice? <i>Moderator: David Gillette, RRT, anesthesia assistant</i> <i>Presentations by:</i> <i>Josée Prud'homme, inh. – The Quebec model</i> <i>Bryan Buell, RRT – The Alberta model</i> <i>Jeff Kobe, RRT – The Manitoba model</i>	La place de l'inhalothérapeute dans les expéditions en haute altitude <i>Audrey Morneau, inh.</i>
19:00	PRESIDENT'S BANQUET – Hilton – Room Salle de bal (cocktails at 18:00, Room Grande Place)					

Program at a Glance

Sunday, June 12 – Quebec Hilton Hotel

8:00 – 8:30	<p>CSRT 2ND ANNUAL RT RESEARCH RUN Registration in Lobby</p>
8:30 – 9:00	<p>AMERICAN BREAKFAST</p>
9:00 – 9:45	<p>PANEL From RT to Patient: Living in an Uneveryday World <i>Patricia McClurg, RRT</i> <i>Nancy Fong, RRT</i> <i>Diane Bernard-Cusson, inh.</i> Room Porte du Palais</p>
9:45 – 10:30	<p>Communication in Health Care: Ways to Promote Health and Prevent Disease <i>Dr. Allen Goldberg</i> Room Porte du Palais</p>
10:30 – 10:45	<p>REFRESHMENT BREAK Anteroom of Porte du Palais</p>
10:45 – 12:30	<p>ROUNDTABLE CASE PRESENTATIONS – FIND THE PROBLEM!</p> <ol style="list-style-type: none"> 1. Communication – Should we let our guard down! <i>Pina Del Sonno, RRT</i> 2. Laparoscopic surgery: how a small procedure can carry a great risk! <i>Grant Auer, RRT</i> 3. Aeromedical Evacuation in Austere Environment' <i>Dario Rodriquez, Jr., RRT, CMSgt, USAF</i> 4. Ventilation isn't always enough, so perfuse those lungs <i>Patricia-Ann Therriault, RRT, Clinical Specialist, Medical Affairs IKARIA Canada</i> 5. My HFO is at Max <i>Tom Piraino, RRT</i> Room Porte du Palais
12:30	<p>CLOSING REMARKS Room Porte du Palais</p>

Product Information Sessions

All sessions Friday, June 10, 13:15 – 14:00
Quebec City Convention Centre

MASIMO – Room 203

Respiratory Depression, Patient Safety and Central Monitoring

Jim Kumpula, RRT, LRCP, System-wide Manager of Respiratory Care Services/Pulmonary Function, Swedish Medical Centre

Learning Objectives:

- List three contributors to respiratory depression
- List three methods of determining respiratory rate and one limitation for each
- List three “early warning indicators” for ICU admission from the ward

COVIDIEN – Room 205A

How PAV+ Changed our Difficult Wean

Jason Zurba, RRT, Clinical Supervisor Royal Columbian Hospital

“Since we started using PAV+, our new difficult wean protocol hasn’t failed us once”

Learning Objectives:

- To describe the problems with Pressure Support that lead to asynchrony and an unreliable respiratory workload.
- To overview the challenges of changing our ventilation philosophy in adopting PAV+
- To discuss our experience of using PAV+ in a variety of different patient populations
- To outline our new “wildly successful” Difficult Weaning Protocol using PAV+ on the PB840 Ventilator

TALECRIS BIOTHERAPEUTICS – Room 202

Alpha 1 – Antitrypsin Deficiency: Pathogenesis, Diagnosis and Treatment

Dr. Céline Bergeron, Assistant Clinical Professor, Department of Medicine, University of Montreal; Pneumologist, CHUM

“Since we started using PAV+, our new difficult wean protocol hasn’t failed us once”

Objectives:

- To understand the pathophysiology of emphysema with alpha1-antitrypsin deficiency
- To review the American and European guidelines on emphysema by deficiency of alpha1 antitrypsin
- To know the investigation of the deficiency of alpha1-antitrypsin
- To explain the treatment options offered in Canada to Alpha1 patients
- To review the main clinical evidence in patients treated by alpha1-antitrypsin

Abstract:

Alpha1-antitrypsin (AAT) deficiency is one of the most common hereditary disorders in the world. It occurs primarily by an early onset COPD. AAT deficiency reduces the protection of the lung parenchyma to various insults, mainly tobacco. The measurement of serum AAT is a simple and inexpensive test to identify these patients. In addition to usual therapy for COPD, a specific treatment for AAT deficiency is available. This treatment consists of purified infusion of alpha1-antitrypsin made from human plasma which prevents a severe functional deficit by limiting the lung destruction.

CARDINAL HEALTH – Room 205C

Clinical Use of Transpulmonary Pressure Monitoring

Tom Piraino RRT, Best Practice Clinical Educator, St. Josephs Healthcare Hamilton, ON & CSRT Respiratory Resource Web page administrator.

Learning Objectives:

- To understand transpulmonary pressure as it relates to mechanical ventilation
- To learn the clinical uses for transpulmonary pressure
- To learn how to perform measurements on the Avea Ventilator
- To review case scenarios that utilized transpulmonary pressure measurements

Brief Abstract:

This session will provide an overview of transpulmonary pressure monitoring as it relates to clinical practice. Topics will include setting optimal PEEP, and measuring lung stress and strain to individualize mechanical ventilation in adult patients with ALI/ARDS using the Bicare technology built into the Carefusion Avea Ventilator. There will be real clinical scenarios to generate discussion and encourage critical thinking.

Exhibitor Draw For 2012

To help encourage delegates to visit exhibits, each vendor will hand out a ticket to any delegate who has spent a few minutes at the booth discussing their products or services. The CSRT will draw a prize during the **President's Banquet that includes complimentary travel, accommodation and registration for the 2012 CSRT Education Conference in Vancouver, BC (prize value of \$2500).**

General Information

REGISTRATION DESK HOURS

Thursday, June 9

Quebec Hilton Hotel: 7:30 am – 11:00 am

Quebec City Convention

Centre: 9:00 am – 7:30 pm

Friday, June 10

Quebec City Convention

Centre: 7:00 am – 6:00 pm

Saturday, June 11

Quebec City Convention

Centre: 7:30 am – 5:30 pm

Sunday, June 12

Quebec Hilton Hotel: 7:30 am – 10:00 am

Exhibit Hall Hours

THURSDAY, JUNE 9

18:00 – 19:30 Opening of Exhibits –
Welcome Reception

FRIDAY, JUNE 10

10:15 – 11:00 Refreshment Break and
Visit of Exhibits

12:00 – 13:15 Lunch and
Visit of Exhibits

15:30 – 16:00 Refreshment Break and

SATURDAY, JUNE 11

9:50 – 10:20 Refreshment Break and
Visit of Exhibits

12:10 – 13:30 Lunch and
Visit of Exhibits

Poster Presentations at Conference

Join us in the Exhibit Hall to review the exceptional posters presented by students and RTs. We encourage you to ask questions and discuss poster with the authors. The 2011 Poster Presentations will take place in the exhibit hall on Friday, June 10th and Saturday, June 11th, in room 200BC at the Quebec City Convention Centre. The Poster Presentation winners – for Best Student Poster and Best RT Poster – will be announced at the President's Banquet, Saturday, June 11th at the Hilton in the Salle de Bal.

Social Events

THURSDAY, JUNE 9

19:30 – Sponsors' Hospitality Suite

23:00 Plaines Room

Enjoy a nightcap in the Sponsors Hospitality Suite and mingle with industry that has partnered with the CSRT to help promote the RT profession.

18:00 Complimentary Welcome Reception
for opening of exhibits.

FRIDAY, JUNE 10

19:00 Roxon Fun Night – Experience the Quebec
City nightlife at the Maurice Bar.

575, Grande Allée E

Enjoy the privilege of a private party with food and drinks and free admission at 10pm for dancing. Tickets are complimentary and limited to the first 150 participants.

SATURDAY, JUNE 11

18:00 "Soirée Carnaval" President's Banquet and
Awards Dinner followed by the live
entertainment of one of Quebec City's most
popular bands and DJ. A ticket is complimen-
tary with full registration. Salle de Bal, Hilton

SUNDAY, JUNE 12

8:00 2nd Annual Research Run to
support RT's who do research and to
encourage professional development
(Registration in hotel lobby prior to run).
See next page for pledge form.

Join Us in Beautiful British Columbia!
