

Canadian Society of Respiratory Therapists: Strategic Agenda (2018-2023)

Outcomes	CSRT Vision			
	Empowering Respiratory Therapists to provide exemplary leadership and care.			
	CSRT Mission			
The CSRT provides leadership that advances the profession, practice and understanding of respiratory therapy nationally and internationally by supporting environments that foster innovation and knowledge translation, and by promoting excellence in evidence-based care.				
Strategic Priorities ↑	Membership	Professional Community	Advocacy	Informed Practice
	Offer a range of high quality benefits and services that meet CSRT members' preferences and needs as professionals and lifelong learners	Provide opportunities for networking, collaboration, and knowledge sharing	Increase engagement in activities that leverage the sphere of influence of the CSRT to advance the RT Profession	Support enhanced capacity for knowledge translation activities and the sustainable development of knowledge that informs practice
Enablers ↑	<i>1. Establish a range of membership benefits and services that are useful and easily accessible</i>	<i>3. Reform the annual education conference model for sustainability and to meet the profession's evolving needs</i>	<i>5. Implement an effective advocacy program that establishes the profession's voice nationally on issues of importance to CSRT members and stakeholders</i>	<i>7. Enhance knowledge translation activities and supports for evidence-informed practice</i>
	<i>2. Establish a program of robust continuing professional development and professional certification opportunities for members</i>	<i>4. Strengthen connections between local communities and national opportunities/initiatives</i>	<i>6. Create partnerships that support and advocate for the growth of the profession globally</i>	<i>8. Support growth and best practice adoption in emerging and evolving areas of practice</i>
Structural Supports ↑	Operations			
	Ensure the effectiveness, efficiency, and sustainability of all CSRT operations in the context of a rapidly evolving knowledge economy			
	<i>9. Upgrade operational infrastructure</i>			
	<i>10. Strengthen revenue streams (dues and non-dues models)</i>			
<i>11. Reorient accreditation services to support the CSRT mandate</i>
