### EVALUATION TEMPLATE (Self-Study Part 5 – Critical Component)

*This template should summarize the information gathered through various feedback mechanisms and resulting changes. Please include a summary of the outcome data (strengths and areas for improvement) in the “Feedback/Outcome Data” column. In the “Changes Implemented/Follow-Up” column, please outline changes which have occurred or are planned as a result of the feedback and any planned follow-up to assess these changes.*

*Please include all feedback (negative or positive) which refers to:*

- \* *Protection of students’ rights and services (requirement B in Parts 1-3)*
- \* *Student attainment of the competencies specified in the National Competency Profile (2011). (requirement C in Parts 1-3)*
- \* *Sufficiency of human resources to support the program’s objectives. (requirement D in Parts 1-3)*

*Please insert rows if there are more than three items arising from a particular feedback mechanism.*

*For the Self-Study: As a minimum, please include data gathered since the submission of the previous Annual Report.*
